This tutorial shows you how to install the Popcorn Time PC app. Using the video or the written steps below, in just a few minutes you'll have the Popcorn Time Windows 10 application streaming movies & TV shows. This works for computers and Windows laptops. Popcorn Time PC Install (Summary) Install Bluestacks on your PC / laptop & log in to a Google account Open the browser in Bluestacks and enter the address bit.ly/a323kftv to download Aptoide Install Aptoide for PC by launching the downloaded file Launch Aptoide and use it to install Popcorn Time Windows 10 version The steps above are only a quick summary of how to install the Popcorn Time PC app. To see the detailed steps or watch the video, continue below. Popcorn Time PC Step-by-Step Install The steps below show you exactly how to install Popcorn Time PC version. Part 1: Install Bluestacks on PC This is the most important part of the Popcorn Time PC install process. Why? We need Bluestacks on your PC to run Android apps! Android apps don't work on your PC / laptop until you install Bluestacks. So make sure to follow all the steps below to get Bluestacks on your PC or laptop. Download Bluestacks for PC from Wait for the Bluestacks installer to finish downloading. This may take several minutes, because the Bluestacks installer file size is about 400MB (which is just under half a gig). Launch the Bluestacks installer. If you lose track of the Bluestacks installer file, then check the Downloads area of your web browser. Continue to install Bluestacks by clicking "Next" in the installer. Click whatever you need to click to finish the Bluestacks install process. When Bluestacks is done installing, launch Bluestacks. Now, log in to a Google account within Bluestacks. A Google account is required to use Bluestacks. So if you need to create a Google account just to use Bluestacks, then do that now. Then enter your Google username and password in Bluestacks. At this point, we simply use Bluestacks to download a third-party app store called Aptoide. Then we use Aptoide to install Popcorn Time PC app! Keep going with the instructions below. Google trackers are lurking on 75% of websites. Cover your tracks to protect yourself. Part 2: Open Browser in Bluestacks & Download Aptoide In this section, we use Bluestacks' built-in web browser to download and install the "Aptoide TV" 3rd-party app store. This is really simple! All we do is enter the address bit.ly/a323kftv into your browser. Here's how: From the "Home" screen of Bluestacks, click "System app" Click "System app" in Bluestacks Then click "Browser" Then click "Browser" in Bluestacks Now click the address bar area of the web browser in Bluestacks Then enter the address bit.ly/a323kftv Wait for Aptoide to download. Now that Aptoide is finished downloading, follow the few steps in the next section to install Aptoide on your PC. Part 3: Install Aptoide for PC We're almost done with the Popcorn Time PC install process. Launch the Aptoide APK file by clicking on it from the "pull-down" menu in Bluestacks. Click "Install" to begin the Aptoide install process When Aptoide is finished installing, complete the Popcorn Time PC process by using the steps in the final section (below). Part 4: Launch Aptoide & Install Popcorn Time PC app After Aptoide is done installing, follow these last few steps to complete the Popcorn Time Windows install process. Press the "Open" button to launch Aptoide. Or find Aptoide from the Home screen of Bluestacks After Aptoide launches, press "Cancel" when it asks if you want to update it. Then scroll through the "Editor's Choice" area of the Aptoide home screen until you see Popcorn Time. Click on Popcorn Time Then press "Install" to install the latest version of Popcorn Time Windows 10 app! Wait for Popcorn Time to install Press "Open" to launch Popcorn Time PC app! Now that we installed Popcorn Time on your PC / laptop, use the section below to find movies / TV shows and start streaming. How to Use Popcorn Time PC The Popcorn Time Windows 10 app is the same exact app as Popcorn Time for Windows or Firestick. Simply use the Popcorn Time PC app menus to find the movie / TV show you want to watch. Notice: Hackers create fake WiFi hotspots to steal your passwords when you log in to public WiFi. Secure your data. Having a Netflix account is always great, enabling you to instantly stream movies without any waiting. Things change when you're downloading a torrent file, because you aren't able to enjoy the video until the file has completed downloading. Popcorn Time is a program which promises to allow you to watch torrent movies as they are downloading. That is, the program will download the first parts in order so that you can watch while downloading. The user interface of Popcorn Time is not difficult to use and provides an easy way to find something to watch. The icons and graphics make it easy to get around and requires little in the way of technical knowledge to use. All types of videos are cataloged here from drama, adventure, cartoons and comedies to documentaries and mysteries. Just point and click and the program allows you to find different formats like high or standard definition. Watching movies with Popcorn Time is simple and if you'd like, you may also find subtitles from the web via Popcorn Time to display while watching your movie. You can also locate subtitles on your own system and load them up. Popcorn Time is an interesting program which was designed for average users and provides you with a way to watch movies as they are downloading while supporting custom subtitles found on the web. Features and highlights Great movies: We're constantly searching all over the web for the best torrents from the most important sites. No restrictions: Watch any movie as many times as you want. All you need to get started is a proper internet connection. Awesome catalogue: If the movie is out there, Popcorn Time will find the best version possible and start streaming it right away. The best quality: Watch your movie instantly in HD and with subtitles. Popcorn Time 6.2.1.17 on 32-bit and 64-bit PCs This download is licensed as freeware for the Windows (32-bit and 64-bit) operating system on a laptop or desktop PC from p2p filesharing software without restrictions. Popcorn Time 6.2.1.17 is available to all software users as a free download for Windows. As an open source project, you are free to view the source code and distribute this software application freely. Filed under: Popcorn Time Download Freeware P2P Filesharing Software Open source and GPL software Major release: Popcorn Time 6.2 Movie Playing Software
