Game but apply super-friendly factors and elimination shifts of humorists with over 100 players each session. Currently, my market has many extremely complex products. Players need games that are really fun. They need places where they themselves can play for several hours without feeling stressed. Autumn Guys: Ultimate Knockout is a completely new game when many people are interested. Players come to it just to enjoy the unique atmosphere that the characters of the game lead. Even the funny jokes coupled with bright colors are also a factor that makes it suitable for many people. A funny graphic design reminiscent of a trendy product for the Connoisseur of Games, make sure to immediately understand this, autumn boys: Ultimate Knockout has an identical design with Å ¢ ¢, ~ Å "Human: Flat fall ...if you realize, it's not a mistake. Because these two games are the products of the same developer. In reality, in terms of gameplay, they are not the same, only the same in terms of graphics. So you can Test both games at the same time. They are really interesting products in comparison, autumn boys: last Knockout has a huge update in graphic design. First of all, the characters move more smoothly. Because this is a game that emphasizes the mobility. So keep the design difficult as the predecessor will make the player has a bad experience. However, the characteristic aspect and the pace of these characters have not changed. Surely it has become the trademark of this developer. In the Certainly you receive products that continue to use this type of design. If you are a fan, you can not wait. A lot of fun clothes for you to choose from this is also a new improved when players can choose from a lot of different clothes. It is actually a way for this developer to do business and make a profit. Players accumulate a sufficient amount of currency to unlock in the store. Or if you have lots of money, you can reload the game and immediately their beautiful clothes. Players can turn into pink unicorns. The dinosaur costumes are also very popular with many people. In addition, sets of unique outfits as octopus, aliens, anime characters, sweet, Å ¢ ~ | They are all present in the game. These costumes will be constantly updated so you can rest assured that there is no way that all the nice things will be in this game. unique but simple Rules The only rule of the fallen Guys: Ultimate Knockout is that you must be the finisher. This means that it is not like a racing game in which you have a track ready and be the first to finish. This game requires you to be the one to finish and survive. © As long as the two compete together, this race will continue until a person is eliminated. True to the name of this game, the person will be removed from the thrust ring and fell into the abyss. There are many different types of challenges to put players into the trap. If you've seen the very popular series Å ¢ ¢, ~ Å "WipeoutÅ ¢ ¢ ~ before, these words of the guests are the same. Find ways to make you fall from the ring and losing. No matter how sudden and unfair, Purcha © you came out of the ring. This is why it also models the way the players play. No matter what kind of strategy you use, just win. Many players participate in a game When you enter the game, you'll be taken to a really difficult challenge where many people want to win. Players will have to be careful and think carefully before deciding to go ahead. A paradox in this game is that if delayed, the chances of losing are very high. But if you are too hasty and rushing forward, surely you encounter unforeseen pitfalls Å ¢ created by the game. Therefore, you need to maintain your position within the permitted range. This means that you do not fall too much, but also not go too fast. In the moments when you get your chance to be the first to finish, bet on the forecast. If you guess correctly, you win, but if you guess wrong, will be pushed out of the ring. Although this is a fun game, it requires some minor technical. Techniques.
